What is **Pet ME!**

Pet ME! it make easier for pet owners and your pets to more comfortable.

Why Pet ME!

Customer Pains

Go to the veterinary facility right away, but there will be no schedule for medical treatment because the line is only walk-in and that make long queue, so it will be a waste of time. Waiting in line due to COVID-19 may be inconvenient for pet owners.

PAIN

Solution for Pain

According to the long queue of people who have been waiting for pet medical treatment, this application will help pet owners save time when it comes to taking their pet to the vet. This application may be used to schedule a medical appointment. It can also locate all hospital facilities around the user's location and provide information on each doctor's profile.
